Playing for Radlett

Sport has long been woven into Radlett life. It has brought people together across generations.

Playing for Radlett explores seven sports: cricket, rugby, tennis, squash, golf, football and bowls. This informative and engaging display tells the stories of the history, events, people and places that enabled Radlett's sporting life to flourish, and invites visitors to share their own memories of Playing for Radlett.

The Museum is open on Wednesday and Saturday mornings 10-12pm. Please do pop by and visit. Free parking is available.
